

Note :

1. Pastikan semua font "Segoe UI"
2. Icon yang di pergunakan harus responsive, ketika di buka di pc dan laptop maupun mobile harus sama proporsional nya, perkecil lg ukuran font
3. Icon pdf, print, excel gunakan fontawesome
4. Fungsi searh bukan search file tapi search date untuk pencarian chart
5. Chart dan keterangan 4 item diatas chart dapat dicetak pdf dan direct print Pastikan semua font "Segoe UI"
6. Bgcolor sidemenu dan header #d9d9d9
7. Hover menu bg #cadf31
8. Font #000
9. Pada chart diatas box chart munculkan data angka
10. Chart align center

1. Search nya by date bukan searchbox dan Harus menggunakan plugin dropdowndate
2. Icon yang di pergunakan harus responsive, ketika di buka di pc dan laptop maupun mobile harus sama proporsional nya, perkecil lg ukuran font
3. Perhatikan konten scroll ketika scroll Hanya konten aja yang scroll tidak seluruh page
4. Cetak pdf memuatpada table dan item diatasnya
5. Perhatikan isi konten sesuaikan dengan kondisi seperti contoh dibawah

Login sistem

Login sistem sudah bagus responsive, tetapi perhatikan desain yang tidak bagus

The screenshot shows the current login interface for the BPJS Ketenagakerjaan system. At the top is the BPJS Ketenagakerjaan logo. Below it is a grey header bar with the text "BPJSTK DCIS SYSTEM". The main login area has a green background. It contains two input fields: "Your Username" with a user icon and "Your Password" with a lock icon. Below these fields is a blue "Login Now" button.

Gunakan desain sederhana berikut

The proposed design is a simplified login system layout. It features a large blue sidebar on the left with the title "DCIS System" and a list of items, each labeled "itemketerangan". At the bottom of the sidebar is the text "Direktorat Pelayanan". To the right of the sidebar is a white login form titled "Login System". The form includes two input fields: "Username" with a user icon and "Password" with three asterisks. Below the input fields is a blue "Login" button.
